

Book on Prayer

This coloring booklet is intended to show how we can now approach and speak with God based upon our relationship to Him as Father through Jesus Christ. It is a simple book printed double-sided on 2 sheets of paper and then folded for a total of 8 pages. By adding a piece of construction paper or card stock, you can create a more finished booklet. A picture of the student or self-portrait will personalize it for each child.

Instructions:

1. Print the document double-sided.
2. Fold the pages in half (booklet style)
3. Place the pages so that the first page is in back and the fourth page is facing you. (This will put the pages in the correct order as you read them.)
4. Add a construction paper cover (optional).
5. Staple at the folds with a long stapler. (If you do not have a stapler, you can poke two holes and run ribbon or string through--tying it in a knot to create a binding.)
6. Read and color each page.
