

Wait For Isaac

by Julie R.

*So many promises have been given
That ignorance sets out to fulfill
Sincerity keeps the effort driven
To accomplish what it thinks is real
Only to eventually find
That it is the work of one's own mind
That hasn't yet come to see
That Isaac is the only one meant to be*

*Ishmael brings his natural pleasures
And the satisfaction that promises come true
But we don't realize that He is not the measure
Of the true promise of what God has for you
We settle for less by going through the wrong door
Because Isaac has not been waited for*

*All too soon conflict comes
And we ask the Lord to bless what we have done
Then much to our dismay He has only this to say
You will be brought to finally know
That all of your Ishmael's have to go
No matter what varied form they take
It is always for My Isaac that you must wait.*
